

ANN MAHER.

APRIL 24, 1884.—Laid on the table and ordered to be printed.

Mr. BAGLEY, from the Committee on Invalid Pensions, submitted the following

REPORT:

*The Committee on Invalid Pensions, to whom was referred the petition of Ann Maher, asking arrears of pension, report :*

That the question of the payment of arrears of pension, in the absence of a general law upon the subject, is one with which the committee think they should not deal, and therefore ask to be discharged from the further consideration of the case, and recommend that the petition lie on the table.
